# National Award for Energy Conservation 2019

Berger Paints India has won the National Award for Energy Conservation 2019 for achieving remarkable energy efficiency and making an impact in the community. Dr. Prosanta Ghosh, the Sr. Vice President of Manufacturing, Berger Paints India, received the award by Hon. Union Minister, Shri R. K. Singh at a grand function held in New Delhi.

The National Energy Conservation Day is organised every year on 14th of December by the Bureau of Energy Efficiency (BEE), under Ministry of Power, with the objective to showcase India's achievements in energy efficiency and conservation, while also working for its ambition of holistic development as part of the country's overall efforts towards mitigation of climate change. Many other industrial units and establishments were awarded for their achievements on efficient utilisation and conservation of energy.

BEE also observed National Energy Conservation Week from 9th to 14th December 2019 to drive mass awareness about the significance of energy efficiency and conservation.

"Berger Paints India has set the standard for energy efficiency efforts in the community," said Dr. Prosanta Ghosh, the Sr. Vice President of Manufacturing, Berger Paints India. "This award is a testament to the company's initiatives for mindful energy utilisation and conservation. I hope this serves as a reminder to leaders across the globe that the concern of energy preservation has never been more dire and it is in our hands to lay the foundation of an energy independent world."

**Berger Paints India is the second largest paints company in India and has established itself as a trusted name in the Indian paint industry.**
