Applicable for interior finishing of furniture's, wooden crafts, MDF boards, veneers, plywood etc.

Technical Data (Typical Indicative values)

Viscosity @300C, B4 Cup	15±5 Sec
Specific Gravity, gm/Lt	0.83 ± 0.02
Surface dry	< 15 Min
Shelf Life in months for the originally packed tightly closed condition maintained at 250 C	12

Recommended Application

Sand the seasoned wooden surface using emery paper (180) along the grains followed by 320 or 400. Wipes off the loose dust particles. Fill the wood grains using Berger NC Sanding Sealer(A09990) – Dilution 1:1 with NC Thinner & application with a soaked cloth (ensuring the cloth is a clean, white, soft muslin cloth & not dyed) in a circular motion & then evening up with strokes along the grains. Minimum 4 coats with intervals of at least 30 minutes to 1 hour and sand the intermediate coats using appropriate grit emery paper depending upon the preferred finish.

Apply several coats of Ezee hand polish with 15-30 minutes coating time intervals along the grains in one direction only using lint free cloth until desired finish is achieved. Sanding between coats of Ezee hand polish may or may not require depending upon the preferred finish

Pack Size

Berger Woodkeeper Ezee hand Polish-(0FY0Z2): 500 ml, 1 L, 5 L.
